

OHCAC is currently seeking Weatherization and Electric/HVAC/Plumbing contractors for our Home Weatherization Assistance Program (HWAP) program year, beginning July 1, 2018. If you are interested or would like more information please contact Karen Wise, Deputy Director / Energy Coordinator at (740) 387-1039 Ext. 779

Listed below are the required documentation and trainings needed:

- Contractor Contact Information
- Type of work to be performed
- Workers' Compensation Certificate of Premium Payment
(Must be current)
- Certificate of Liability Insurance Certificate
(Must be current, ODOD and OHCAC named the insured parties)
- EPA Firm Registration
- Copy of staff certificate(s) for lead EPA-RRP training
- License(s) or Specialized Certificate(s)
- Certificates of completion for required COAD training
Please note: Combustion for Contractors is required for all contractors performing HVAC work.
